3. Receive Information

Once you have booked your date, Risney Photo & Design will email you important information about location options, clothing tips, and what to expect at your session so you will feel prepared and excited for the big day!

Questions You Might Have

What are my investment requirements?

- Session Fee is **due when booking the session** and is non-refundable. Credit card is preferred, but cash or check within 48 hours is usually accepted.
- Half of the minimum print order for your session type is due the day of the session. **It will be applied to your future print order.**
- The remaining half of the retainer is due the day you pick up the proof book. **It will be applied to your future print order.**
- Payment in full for your entire print order (**less the amount already retained**) is due on the day you place your order.

What kind of proofs will I receive, and do I get to keep them? Proof method is a custom designed, spiral bound proof book with six images per page. The retainers noted above become non-refundable once you take the proof book out of the studio, but the total will be applied to your future print order. **As a Bonus**, the proof book (\$200 value) is yours **FREE, when you meet your minimum print order requirement**, based on whichever session you choose.

How long until I see my proofs?

Approximately three weeks.

When will I receive my final portraits?

Somewhere around four weeks, and they will be worth the wait!

Can I bring any special props? Anything that tells a story about who you are is appropriate for your portraits. Are you in music, sports, drama, or any other special activities that you want to depict in your photos? Bring whatever you want, but discuss these props with the studio **ahead of time** so certain accommodations can be made if needed.

Can you fix a scar on my face or what if I have acne?

Because I shoot all photos with a professional digital camera, I have the ability to alter a photo in the computer and take away all but the most difficult of imperfections. Any photo that you purchase will be retouched to remove blemishes and small scars, soften eye bags, lessen facial shine, whiten teeth and brighten the eyes. Additional enhancements are available for a small fee.

What should I do about my glasses? The best thing to do is to have the **lenses removed** for the session or ask your optometrist if you can borrow a lensless pair. Glass glare cannot always be avoided and is usually limiting in what poses can be done. **Please think twice** before you arrive with your glasses still having the lenses in them. The glare can usually be removed in your final portraits at the average cost of **\$10 per pose** if it becomes a problem.

What about my braces?

Braces can **usually** be removed at a rate of **\$15 per pose**.

What about a pet in my pictures? No problem as long as you first check with the studio. Personally, I love animals so it is fun to work with them!

Do you sell frames? Yes! I have many beautiful styles to choose from, ranging from contemporary to classic in design.

“Anne Risney ROCKS!”

“You made me feel like a model!”

“You are so CREATIVE!”

“Your work is incredible!”

“Anne made it fun & the results were AMAZING!”

Standard:

Refers to a regular photographic print. Prints 8x8 and larger are professionally mounted and sprayed for durability and longevity.

Metallic:

Refers to a portrait printed on a highly glossy photographic paper. Prints 8x8 and larger are mounted and laminated.

Metal:

Refers to a portrait specially applied to a sheet of aluminum metal.

Gallery Wrap:

Portraits are printed onto canvas and wrapped around wooden stretcher strips

Hanging Canvas:

Portraits are printed onto canvas and fixed between two natural barn wood bars available in white, grey, or brown.

Priced the same as Metallic

Digital Collections

All digital packages contain high resolution image files saved as a jpg.

The poses that you choose will be beautifully retouched. **They will be saved to a USB device and will include a 4x6 print** of each chosen image for you to color match to if you have them printed elsewhere. When you purchase a digital package, your yearbook image will be submitted to the school for **FREE**. If you choose to purchase additional products from Risney Photo, you will receive a percentage off those items based on whichever digital package you purchase.

Acrylic Photo Blocks

These amazing art pieces are created from a one inch clear block of acrylic. You choose the image and let Risney take it from there. Your photo can be printed using either standard photo paper or metallic/silver. It is then fused to the back of the acrylic block. You can add a black base that further adds to their artistic appeal or leave it as a stand alone piece. Just think of all the cool places you could display these unique blocks around your home or office!

	Standard	Metallic/Silver	Block Base
4x6	\$65	\$74	+\$7
5x5	\$65	\$74	+\$7

8x10	\$133	\$142	+\$7
8x12	\$159	\$168	+\$13
Tri Mount (3) 4x6's	\$165	\$174	Included
14 1/4 inch total length			

Additional Products

These items below have many different sizes and options — too many to put into this price list. Please see their particular pricing sheets online at www.risneyphoto.com under the pricing tab.

Coffee Table Books: One of a kind treasured album to be cherished for generations. **NUMBER ONE – BEST PRODUCT** you should buy!

Artistry Shapes: Photos printed on regular or metallic paper and mounted on black plexiglass in 26 different shapes.

Digital Matting: Collages made to look like they have been matted at a frame shop.

Graphic Collages: Square or rectangular collages with cool graphics and unique designs.

Digital Enhancements

Risney Photo & Design is very skilled at doing retouching on your photographs. **Every photo** that you purchase (not proofbook) will be retouched to remove blemishes and small scars, soften eye bags, lessen facial shine, whiten teeth and brighten the eyes.

If you would like additional work done to the photos, please see the list below.

All enhancements are priced PER POSE.

Collages can be created a number of different ways and are available on many types of products.

- Aluminum metal prints
- Graduation party cards
- Gallery Wraps
- Banners

Helpful Tips

On How To Make Your Session A

Knockout Success!

1. Make sure your clothes fit.

- Try your outfits on at home and look in a mirror from all angles. If you haven't recently tried it on, or your mom just bought it at the store, you need to try it on BEFORE you come for your session to be sure it fits.

2. Hang the clothes on hangers

- Make sure they've been ironed – even t-shirts.
- Do not stuff them into a duffel bag – wrinkled clothes are not cool and will cost you extra to be retouched.

3. Don't get sunburned and watch out for tan lines.

- Call me if you get fried or are peeling the day before your session.
- Removing tan lines from your photos will cost you extra.

4. Wear the correct socks.

- When you sit in the photos, the pants/jeans will ride up and show your socks.
- White athletic socks peaking out under dark pants/jeans do not look good!

5. Moisturize your lips and skin.

- Dry, flaking skin is not attractive, but don't go overboard and have it be shiny or greasy looking.

6. Check out your eyebrows.

- Wax or groom them if needed.

7. Make sure teeth are clean and sparkly.

- Might be time for a professional dental cleaning before your session date.

8. Remove all tags and stickers from new clothes.

9. Bring an extra outfit or two.

- Sometimes an outfit doesn't photograph well and it's good to have a back up option.

10. Bring the right shoes.

- Be aware that feet show in some of your portraits, so have the right shoes for your outfits. Barefoot is also fine for some types of shots.

11. Bring the right gear for your sports photos.

- Be sure to bring whatever goes with your particular sport (ball, uniform, shoes, headgear, letter jacket, warm ups, t-shirts, pads, etc.)
- Bring any awards you have won if you want them in your photos.

12. Clothing choices are wide open, however certain things do tend to photograph better than others.

- Solids draw more attention to the face compared to busy patterns or words on clothing that compete for the viewer's attention.
- Horizontal stripes make people look heavier, so if you are really thin they can add weight, but if you are heavier you might consider avoiding them.
- Colors are up to you and what you look good in.
- Try to mix up your colors so that there is variety.
- Also the time of year you are photographed plays a part in what you choose to wear.
 - 1) Summertime, when everything is very green out, don't have your outfits be predominantly green or you will just blend in.
 - 2) Fall is great for all colors until the leaves have fallen and everything is brown and gray. Try to brighten up your clothes at that point so you don't look as drab as the environment looks!

13. Be sure to eat breakfast before your session!

- Modeling is harder work than you think, and a full tummy will keep you energized.

14. If you wear glasses, please try to get a lensless pair.

- Lens glare is sometimes difficult to correct and often requires an additional fee.
- Talk with your optometrist about having your lenses temporarily removed, or borrowing a lensless pair.

Helpful Tips

On How To Make Your Session A

Knockout Success!

**Just
Girl**

TIPS

1. Most Important! Wear the right bra!

- Bra straps showing are not a good look for senior pictures.
- Use a strapless bra or a racer back bra if your clothing requires it.
- Also, beige or white bras are the best colors for under everything.

2. Bring jewelry, scarves, accessories, etc.

- If you separate whatever necklace, earrings, bracelets, etc. you want for each outfit and put it into a plastic bag and attach it to the hanger of the outfit, you won't forget anything.
- Don't forget your class ring if you have one.

3. Avoid sparkly makeup.

- Sparkly eyeshadow is ok, but leave the glittery face and body dust at home please, as it looks like dust flecks on your photos.

4. Check your fingernails.

- Remove chipped nail polish and go bare.
- OR paint nails with a color that goes with all your outfits.

5. Use mascara on your eyelashes to enhance your eyes.

- How you do your makeup is up to you, but don't go overboard.
- Don't worry about blemishes. They will be retouched out of your final portraits.
- Bring face powder to help control the shine, especially if it is hot and humid outside.

6. Bring comfortable shoes for walking on uneven terrain.

- Fancy shoes/high heels are ok for your photos, but bring along flip flops or slip-ons to move around in.

**Just
Boy**

TIPS

1. Shave if you need to.

- Beard stubble and/or stray facial hair are not easy to remove in final portraits. Avoid extra fees by shaving before your session.

2. Wear your class ring if you have one.

3. Bring a belt if you need it.

- Tucked in shirts need a belt in your pants so the outfit looks finished.
